ABOUT US

Ten years ago, Heath Stone was getting all nostalgic about the glory days of the 1980's ROLLER DISCO'S and decided it was about time to bring them back!

Today, Sk8hire is operating all over the world, using state of the art equipment to set up rinks anywhere and everywhere and bring the roller disco fever to a whole new generation!

BIG tunes, BIG tents, BIG events! Sk8hire bring their roller disco madness to families, friends and colleagues all over the UK and now internationally! So you had best get your skates on!

WHY USE US

sk8hire

“SKATE“ OF THE ART EQUIPMENT

Every piece of equipment we use is of the highest quality and standard, from flooring to wrist-guards. We provide all the safety equipment people will need during their skate, as well as all the extras that make your event stand out.

THE ROLLER RINK!

The Sk8hire service includes a state of the art rink and changing area that our experts will set up for you and take down at the end of your event. All you'll need to do is rock up and get your skates on!

Our tongue and groove rink can be set up on any surface inside or outside, and can be small enough for only 24 skaters at a time, or big enough for 200 at once. We've set up rinks all over the world on all sorts of terrain, from grassy hills to hard concrete - we are the EXPERTS in providing you the best rink!

THE FUNK EXPERIENCE!

As well as your rink, you'll need benches for people to get changed and a barrier system with protective matting for safety. On top of all that, we can also offer you amazing music with a full DJ set up, lighting rig, SFX (smoke machines, lasers), sound system with PA and advertising boards to make your event really stand out!

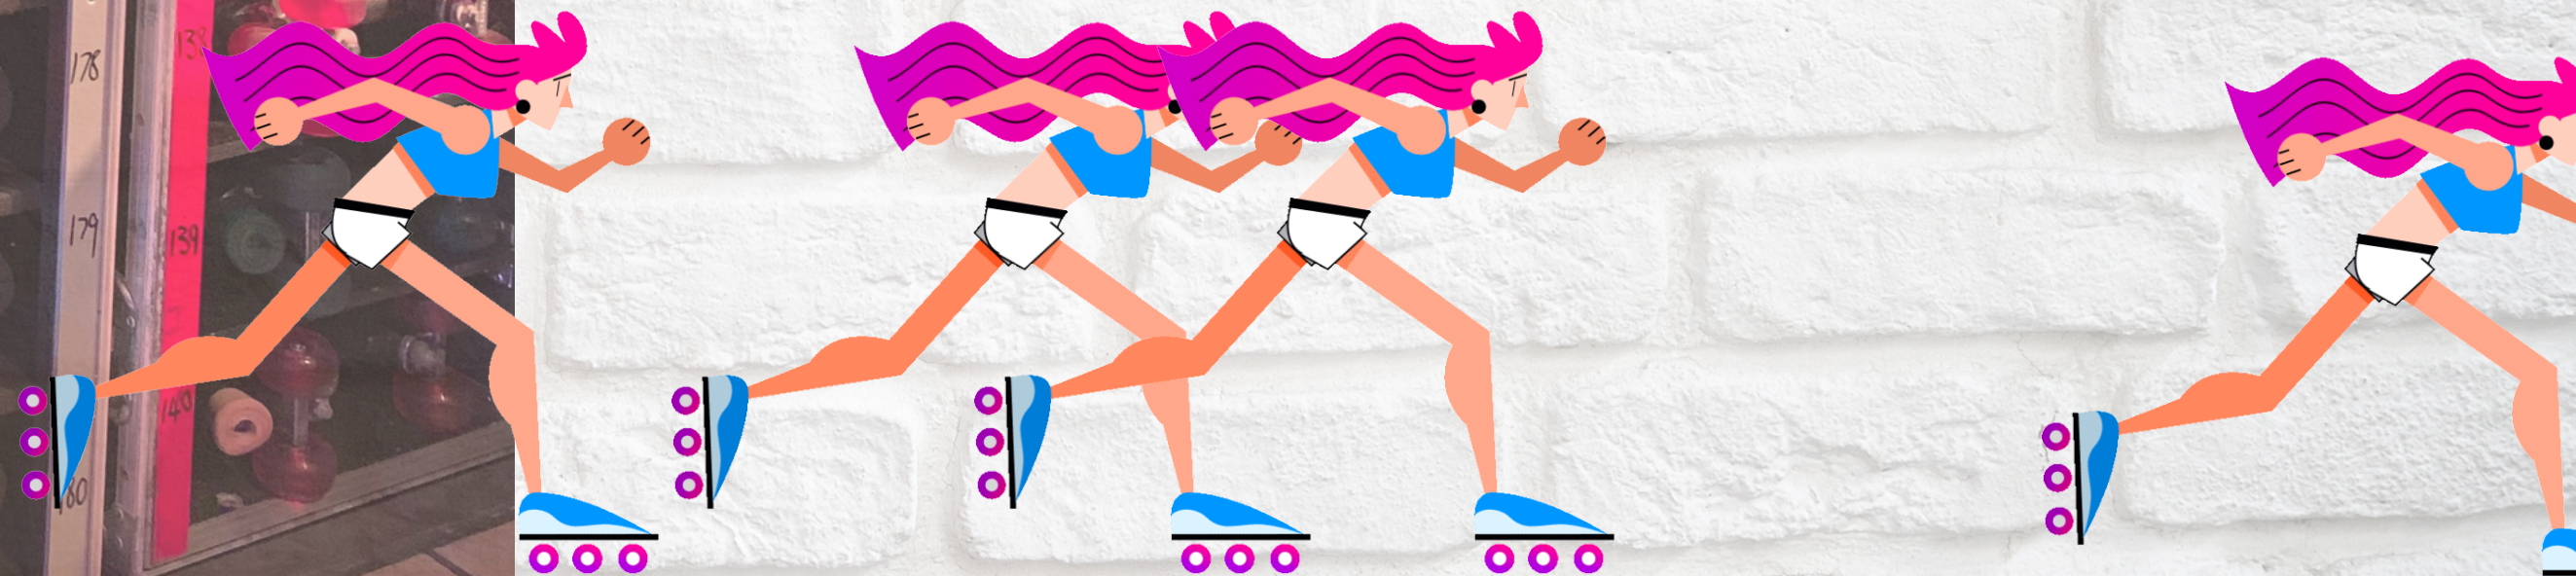

GET YOUR SKATES ON!

Your roller disco needs to have the very best equipment available and luckily for you, that's exactly what Sk8hire provide! Our equipment is all top of the line for maximum safety and maximum fun!

We've got more than 2000 pairs of skates in a massive range of sizes, so every skater on the floor will be decked out in the same quality roller skates used by professionals. Not only are they the very best standard, they look pretty cool too!

**HEALTH &
SAFETY**

SAFETY FIRST!

Whenever you're running a public event, a corporate shindig or a private party, the safety of everyone there is your biggest concern - and it's ours too. As well as abiding by the highest safety standards for rink construction and providing pads and protective gear for skaters, we also have £10million public liability insurance to ensure you are completely covered.

Even the most sober of party-goers can lose their footing, so we can provide wrist-guards, helmets, elbow pads and kneepads for safety. We also have first aid trained and CRB checked staff on hand should there be any incidents on the floor.
